CASSIDA AXIA

EFFICIENCY MEETS INTELLIGENT
DESIGN

SMART COUNTING PERFORMANCE:

- Accurate mix value counting with advanced IR-based detection.
- Designed for consistent and reliable performance across daily operations.
- Optimized backloading system for smooth and continuous feeding.
- Engineered for durability with stable and efficient internal components.
- High-speed counting ensures improved productivity in busy environments.
- Combines simplicity of backloading with advanced detection features.

MIX VALUE COUNTING:

- Integrated Mix value counting using IR technology first of its kind in this category.
- Automatically calculates total value and note quantity in one process.

PRODUCT SPECIFICATIONS CASSIDA AXIA

Counting Speed, bills/min:	1000
Hopper Capacity, bills:	200
Stacker capacity, bills:	200
Counting Modes:	MIX, DENOM, COUNT, ISSUE
Currencies:	AED - USD - EUR - GBP
Count Error Detection:	DBL, HLF, SD, CHAIN
Counterfeit Detection:	UV- MG- IR
Display:	LED
Feeding System:	Back Loader Type
Power Supply:	AC 100-240V - 50/60 Hz
Power Consumption:	<70W
Unit Dimension (W*D*H), mm:	300*265*155
Box Dimension (W*D*H), mm:	320*271*190
Net Weight, Kg:	3.85 Kg
Weight, kg:	4.7 Kg
